

# Welcome to FIRST LEGO® League

Introduces younger students to real-world engineering challenges by building LEGO-based robots to complete tasks on a thematic playing surface. FLL teams, guided by their imaginations and adult coaches, discover exciting career possibilities and, through the process, learn to make positive contributions to society.

Elementary and middle-school students (9-14 years old) get to:

- ✓ Design, build and program robots using LEGO MINDSTORMS® technology
- ✓ Apply real-world math and science concepts
- ✓ Research challenges facing today's scientists
- ✓ Learn critical thinking, team-building and presentation skills
- ✓ Participate in tournaments and celebrations

What FLL teams accomplish is nothing short of amazing. It's fun. It's exciting. And the skills they learn will last a lifetime.
