

FIRST LEGO League

General Information for Starting a new team

Organizing A Team

Anyone can form a team. It can be a school classroom, after-school program, extracurricular group, home school, neighborhood kids, a club, or civic organization. A team consists of three to 10 kids, ages 9-14, and at least one adult coach.

Components of an FLL Team

3 - 10 Kids

Adult Coach

(optional: Additional Coaches/Mentors)

What You Really Need To Get Started

Besides eager kids and a willing coach, teams require a place to meet and a few needs within that site. A team needs:

- * Room to meet as a group
- * Space for the 4' x 8' playing field
- * Secure storage for LEGOs, mission models, and partially assembled robots
- * Computer & internet access for programming and research
- * Valid email address for the coach to receive info from FLL throughout the season

Estimated Cost:

A general estimate of principal costs for a new team is \$800, and \$250 for returning teams
